If you do not receive a confirmation from the system that we have received your e-mail message, contact the plan coordinator, Michael Duwe, directly at (231) 326-5134, ext. 502. Finally, you may hand-deliver comments to the Sleeping Bear Dunes National Lakeshore headquarters at the address above. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the record a respondent's identify, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Superintendent, Sleeping Bear Dunes National Lakeshore, at the address and telephone listed above.

Dated: December 3, 1999.

DEPARTMENT OF THE INTERIOR

Pictured Rocks National Lakeshore

AGENCY: National Park Service, Interior.

ACTION: Notice of Intent to prepare a Wilderness Suitability Study and Environmental Impact Statement for Pictured Rocks National Lakeshore, Michigan.

SUMMARY: The National Park Service (NPS) will prepare a wilderness

suitability study to evaluate portions of Pictured Rocks National Lakeshore for possible designation as wilderness. The study will be included as part of a General Management Plan (GMP), currently in preparation. A notice of intent to prepare an Environmental Impact Statement with that GMP was published in the **Federal Register** of August 5, 1999 (64 FR 42713). That environmental impact statement now will be expanded to include an evaluation of the impacts associated with possible designation of wilderness within the lakeshore. This notice is being furnished as required by National Environmental Policy Act regulations 40 CFR 1501.7.

To facilitate sound planning and analysis of environmental impact, the NPS is gathering information necessary for the preparation of the GMP, the wilderness suitability study, and the Associated Environmental Impact Statement and is obtaining suggestions and information from other agencies and the public on the scope of issues to be addressed. Comments and participation in this scoping process are invited.

ADDRESSES: Written comments and information concerning the scope of the EIS and other matters, or requests to be added to the project mailing list should be directed to: Mr. Grant Petersen, Superintendent, Pictured Rocks National Lakeshore, P.O. Box 40, Munising, Michigan 49862. Telephone: 906-387-2607. E-mail:

piro_superintendent@nps.gov

FOR FURTHER INFORMATION CONTACT: Superintendent, Pictured Rocks National Lakeshore, at the address and telephone number above.

SUPPLEMENTARY INFORMATION: Persons who previously submitted comments on the scope of the EIS as it relates to the GMP need not resubmit those comments. The NPS already is considering that input as planning continues. However, persons who have not previously submitted comments on the scope of the EIS, or who wish to submit additional comments related to the scope of the EIS in consideration of the wilderness suitability study are encouraged to do so.

The NPS is publishing newsletters about the GMP process, with "General Management Plan, Issue 1" having been released during the summer of 1999. Subsequent newsletters will include discussions of planning to-date, on the wilderness suitability study being prepared with the GMP, and will provide a response form whereby the public can provide additional input to the planning process.
